

We focus on what matters now, because what happens next depends on it.

We are Matterra. The truly committed marketing partner for forward-thinking tech start-ups.

How we can help

Trusted by

O S T
CRACY

InPlanet

INKA

How we help your big idea, reach its audience.

These are some of our key services. Depending on what you're after they can be combined and targeted to win you the right customers.

Brand Positioning

We research your market landscape, and carve your unique position that highlights your strengths

WHY YOU NEED THIS?

Successful positioning sets you apart from competitors and is your foundation for growth.

ICP creation

We research and create your Ideal Customer Profile. Then tailor your messaging to them

WHY YOU NEED THIS?

No matter how good the marketing message, it will fall on deaf ears, unless you get your audience right.

GTM strategy

We develop a comprehensive Go-to-Market strategy for your business to drive awareness and drive sales

WHY YOU NEED THIS?

A strategic launch maximises your visibility and sets your business up for success.

Email migration

We manage your email platform migration end-to-end

WHY YOU NEED THIS?

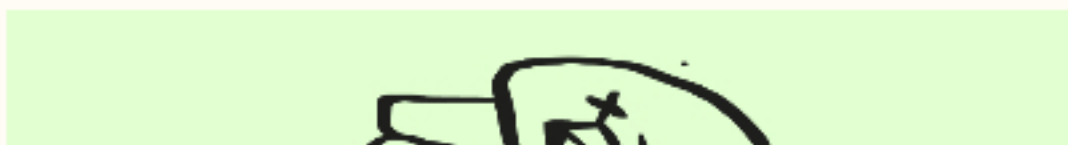

A clean and effective CRM empowers you to nurture leads and invest in the right customer relationships.

Testimonials from happy clients.

We were delighted to host a webinar by Ellie for our early-stage startups on Driving Purpose and Growth: Impact Marketing for Deep Tech Startups. Her insights were invaluable, and her delivery was exceptional. Ellie's expertise and willingness to help made the session truly impactful!

Jenny Ioannou, Communications Manager at Lomarlabs
